

# GAMBLING COMMISSION

## Gambling Commission – approval of accredited test houses

*This document to be completed by the applicant to accompany the application to the Gambling Commission for the purposes of approval under the above scheme.*

I, being the applicant on the accompanying Gambling Commission application form, request the Gambling Commission and the accreditation body (i.e. UKAS or equivalent overseas body) share any information from my application to the Gambling Commission for approval or my application for accreditation to Gambling Commission technical standards from the accreditation body. I further request that the findings of assessments, copies of reports and any other information be disclosed by the accreditation body as requested by the Gambling Commission.

I understand that my agreement with the accreditation body provides that the accreditation body treats my application for accreditation as confidential. This document releases the accreditation body from that obligation as far only as communication with the Gambling Commission is concerned.
