Sorry about that, thanks for clarifying. We have data for two of these areas; GGY and employee numbers which were created for a previous report covering 2008/9. Please find these below.

We do not data on the number of premises for 2008/9 (premises licences are the responsibility of Licensing Authorities rather than the Commission so we did not report on this initially).

I hope you find this information useful.

Kind regards

Request 2 of 2

Thanks for that response but it didn't answer my question as that was the data I was referring to in the first place (see email chain). When I contacted the Gambling commission I was told that this data went back an additional year beyond the April 2009 to March 2014 data (see email at beginning) and I had to make a freedom of information request for the data from the earlier year.....
