

Drop & Win Summary Report

September 2018

Introduction

1) These statistics relating to the gambling industry in Great Britain have been collated by the Gambling Commission from data provided by casino operators.

2) Casino drop and win data is provided by casinos on a monthly basis, and shows the amount of money exchanged for chips in a casino (drop) and the amount retained by the casino (win). The data in the report is based on a rolling year average showing figures for the previous twelve months.
